APPLICATION OF BROADVOX-CLEC, LLC
FOR AUTHORITY TO PROVIDE RESOLD AND FACILITIES-BASED
LOCAL EXCHANGE AND INTEREXCHANGE SERVICE

Broadvox-CLEC, LLC ("Broadvox-CLEC" or "Applicant"), pursuant to S.C. Code Ann. § 56-9-280(B)¹ and Section 253 of the Telecommunications Act of 1996², respectfully submits this Application for Authority to Provide Resold and Facilities-Based Local Exchange and Interexchange Service ("Application") in the State of South Carolina and for local service offerings to be regulated in accordance with procedures authorized for NewSouth Communications in Order No. 98-165 in docket No. 97-467-C; and for interexchange service offerings to be regulated in accordance with procedures established for alternative regulation in Order Nos. 95-1734 and 96-55 in Docket No. 95-661-C.

¹As amended by Act No. 354, signed by the Governor on June 6, 1996.

²Telecommunications Act of 1996, 47 U.S.C. § 253 (1996).

Broadvox-CLEC intends to offer interexchange service to both business and residential customers throughout the state. Applicant intends to provide local exchange service to customers located in non-rural local exchange carriers' service areas of South Carolina. Should its Application be granted, Broadvox-CLEC plans to commence offering service immediately upon the establishment of the appropriate and necessary resale arrangements with the incumbent Local Exchange Carriers ("LECs"). Applicant will be negotiating an interconnection/resale agreement with BellSouth Telecommunications, Inc. d/b/a AT&T South Carolina ("AT&T") to provide local service. Applicant intends to utilize incumbent local exchange carriers in the Proposed Service Area and other equivalent providers as its underlying interexchange carriers.

Approval of this Application will promote the public interest by increasing the level of competition in the South Carolina telecommunications market. Ultimately, competition will compel all telecommunications service providers to operate more efficiently and pass the resultant cost savings on to consumers. In addition, as a result of competition, the overall quality of local exchange and interexchange service will improve.

In support of its Application, Broadvox-CLEC states as follows:

III. Broadvox-CLEC Possesses the Technical, Managerial and Financial Expertise Necessary to Provide Local Exchange and Interexchange Service

Broadvox-CLEC possesses the requisite technical, financial and managerial capabilities to operate as a competitive telecommunications provider. These capabilities are explained in detail below.

1. Financial Qualifications

Broadvox-CLEC is financially able to provide the services proposed in its tariff as evidenced by its Broadvox, Inc. & Subsidiaries Consolidated Financial Statements for the years ended December 31, 2005, December 31, 2006 and December 31, 2007.

2. Managerial Qualifications

Broadvox-CLEC's senior management team is highly skilled, having acquired considerable experience in the telecommunications industry. Using this extensive expertise, Broadvox-CLEC's management team has developed innovative marketing strategies. In conjunction with effective financial and operational measures, these marketing strategies will enable the company to provide quality service at competitive rates, while resulting in profitable operations for the Applicant. Broadvox-CLEC has extensive experience in the technical, managerial, and financial aspects of the telecommunications industry.

3. Technical Qualifications

Applicant's key management personnel have significant business and telecommunications experience. Broadvox-CLEC is in the process of obtaining authorization to provide local and interexchange service throughout the United States. No such applications have been denied or dismissed. Applicant will also rely upon the technical expertise and telecommunications experience of its underlying carriers.

Broadvox-CLEC will initially resell the facilities of the existing LECs or underlying carriers that presently serve South Carolina. Broadvox-CLEC will primarily resell the facilities and services of AT&T. Broadvox-CLEC will also use unbundled network elements and services purchased from AT&T and other incumbent local exchange providers, where applicable, to provide service through Broadvox-CLEC's facilities.

Applicant's current business and network plans call for market entry via resold LEC and IXC facilities. When customer demand warrants, Applicant proposes to offer resold and facilities-based local exchange services. Such services will be provided by utilizing the facilities incumbent local exchange carriers ("LECs"), as well as through Applicant's own facilities.

Applicant seeks authority to resell and provide through its own facilities local exchange services throughout the State primarily in the areas served by AT&T. Applicant's local calling areas initially will coincide with the incumbent local exchange carrier's local calling areas. Upon its entry into the South Carolina market, Applicant intends to install equipment for the provision of local exchange services. When Applicant installs facilities in South Carolina, it will probably use the following or a similar configuration of equipment: Applicant will provide voice and high speed data services through a combination of the latest technology switching and transport media comprised of the Lucent Technology 5 ESS Generic 13 switch module, ADSL/SDSL transport

and Internet service equipment and the latest Optical multiplexer DAC's configurations. The switching system consists of a central processing and control complex capable of interconnection as a peer to the incumbent as well as competitive local exchange companies. The hub portion of the switch will interconnect with the public switched network on Signaling System 7 ("SS7") or Feature Group D ("FGD") facilities. The system's remote module capability will allow properties to be served in a manner that provides the exchange of appropriate signaling, control and calling/caller information to the network in accordance with network standards and specifications. Additionally, these services will be delivered over a combination of delivery mechanisms through incumbent local carriers' unbundled loop network, both copper and fiber and transport networks, as well as via Applicant constructed facilities. Its services will be available on a full-time basis, twenty-four hours a day, seven days a week, to customers within the geographic boundaries of the State of South Carolina. Customers will be billed by Applicant. Applicant is committed to providing access to a local operator, directory assistance, 911 services, and dual relay services. Applicant is also willing to accept its obligations to collect 911 and dual relay service surcharges from its local exchange customers, and to remit those funds to the appropriate authorities.

As the foregoing illustrates, Broadvox-CLEC possesses considerable telecommunications expertise. Broadvox-CLEC is technically qualified to provide local exchange and interexchange telecommunications services in South Carolina.

IV. Approval of Broadvox-CLEC's Application is in the Public Interest

Granting Broadvox-CLEC's Application is consistent with S.C. Code Ann. § 58-9-

280(B), as amended by 1996 Act No. 354, and, in that regard Applicant makes the following representations to the Commission:

- a. Applicant possesses the technical, financial, and managerial resources sufficient to provide the services requested;
- b. Applicant's services will meet the service standards required by the Commission;
- c. The provision of local and interexchange services by Applicant will not adversely impact the availability of affordable local and interexchange service;
- d. Applicant, to the extent it is required to do so by the Commission, will participate in the support of universally available telephone service at affordable rates; and,
- e. The provision of local and interexchange services by Applicant will not adversely impact the public interest.

The demands of a competitive market are a better means to achieve affordability and quality of service than a monopoly environment. As competitors vie for market share, they will compete based upon price, innovation and customer service.

Those providers that offer consumers the most cost effective products will gain market share. In contrast, providers whose products do not meet the needs of consumers will lose market share and, ultimately, be eliminated from the industry.

Additionally, Broadvox-CLEC's entry into the local exchange and interexchange markets will not unreasonably prejudice or disadvantage any telephone service providers. Incumbent local exchange carriers presently serve a large majority of the local exchange customers in South Carolina. The major advantages of incumbency (i.e., ownership of the existing local network as well as access to, and long-standing relationships with, every local customer) constitute a substantial obstacle to new entrants. Moreover, exchange services competition will stimulate the demand for the services supplied by all local service carriers, including those of the incumbent LECs. Thus, in a competitive market, there will be increased potential for such LECs to generate higher revenues. Additionally, in a competitive market, incumbent providers will have market incentives to improve the efficiency of their operations, thereby reducing their costs and ultimately their profit margins. Finally, it is important to recognize that in a competitive market, incumbent LECs will derive revenues from both resellers of their local exchange and interexchange services as well as facilities based competitive local exchange providers.

Currently, South Carolina consumers have a limited choice with regard to the provision of local exchange telecommunications service. A competitive local and interexchange service market comprised of incumbents and competitive providers such as Broadvox-CLEC will offer consumers a competitive option and, therefore, will better satisfy the needs of various market segments. In this regard, approval of this Application is clearly in the public interest.

V. Description of Services Offered and Service Territory

For informational purposes, Broadvox-CLEC has filed with this Application an illustrative price list based on Broadvox-CLEC's current expectations regarding local services. (Exhibit "E"). Broadvox-CLEC expects to offer a full array of services to both business and residential customers, including the following:

Interexchange (switched and dedicated services):

- A. 1+ and 101XXXX outbound dialing;
- B. 800/888 toll-free inbound dialing;
- C. Calling cards; and
- D. Data Services.

Local Exchange:

- A. Local Exchange Services for business and residence customers that will enable customers to originate and terminate local calls in the local calling area served by other LECs.
- B. Switched local exchange services, including basic service, trunks, carrier access, and any other switched local services that currently exist or will exist in the future.
- C. Non-switched local services (e.g., private line) that currently exist or will exist in the future.
- D. Centrex and/or Centrex-like services that currently exist or will exist in the future.
- E. Digital subscriber line, ISDN, and other high capacity services.

Prior to providing local exchange services to the public in South Carolina, Broadvox-CLEC will file a complete Final Tariff and/or Price List with the Commission. Furthermore, Applicant submits contemporaneously with this application its proposed tariff for local exchange service (Exhibit E) and interexchange service (Exhibit F), which contains a description of services to be provided, all rules and regulations applicable to such services, and proposed rates for such services.

VI. Waivers and Regulatory Compliance

Broadvox-CLEC requests that the Commission grant it a waiver of those regulatory requirements inapplicable to competitive local service resellers such as Broadvox-CLEC. Such rules are not appropriate or necessary for competitive providers and constitute an economic barrier to entry into the local exchange market.

1. Financial Record-Keeping System

a. Broadvox-CLEC respectfully requests that it be exempt from any record-keeping rules or regulations that might require a carrier to maintain its financial records in conformance with the Uniform System of Accounts ("USOA"). The USOA was developed by the FCC as a means of regulating telecommunications companies subject to rate base regulation.

b. As a competitive carrier, Broadvox-CLEC maintains its book of accounts in accordance with Generally Accepted Accounting Principles ("GAAP"). Neither the FCC, nor the Commission, has required Broadvox-CLEC to maintain its records under the USOA for purposes of Broadvox-CLEC's interexchange operations. Thus, Broadvox-CLEC does not possess the detailed cost data required by USOA, nor does it maintain detailed records on a state-specific basis. As a competitive provider, Broadvox-CLEC's network operations are integrated to achieve maximum efficiency. Having to maintain records pertaining specifically to its South Carolina local service operations would place an extreme burden on Broadvox-CLEC.

c. Moreover, Broadvox-CLEC asserts that because it utilizes GAAP, the Commission will have a reliable means by which to evaluate Broadvox-CLEC's operations. Therefore, Broadvox-CLEC hereby respectfully requests to be exempt from the any USOA requirements of the Commission.

d. In addition, the Company hereby respectfully requests a waiver of 26 S.C. Code & Ann. Regs. 103-610, which requires books and records to be kept in the State of South Carolina, but rather, the Company desires to keep its books and records at its principal place of business.

2. Local Exchange Directories

Applicant respectfully requests a waiver of the requirement in Rule 103-631 to publish and distribute local exchange directories. Broadvox-CLEC will make arrangements with the incumbent LECs whereby the names of Broadvox-CLEC's customers will be included in the directories published by the incumbent LECs. LEC directories will also be modified to include Broadvox-CLEC's customer service number. These directories will be distributed to Broadvox-CLEC's customers. This approach is entirely reasonable and will have a direct benefit to the customers of both Broadvox-CLEC and the incumbent LEC since they need only refer to one directory for a universal listing of customer information. It would be an unnecessary burden on Broadvox-CLEC to require that it publish and distribute its own directory to all customers located within each exchange area, particularly since nearly all of these customers will be customers of the incumbent LECs. It is more efficient for Broadvox-CLEC to simply include its limited customer list in the existing directories of the incumbent LECs.

3. Flexible Regulation of Local Services and Alternative Regulation of Interexchange Services

Applicant respectfully requests that its local service offerings be regulated in accordance with procedures authorized for NewSouth Communications in Order No. 98-165 in docket No. 97-467-C. Additionally, Applicant respectfully requests that its interexchange service offerings be regulated in accordance with procedures established for alternative regulation in Order Nos. 95-1734 and 96-55 in Docket No. 95-661-C.

4. Marketing Practices

Pursuant to the South Carolina Public Service Commission's Order No. 95-658 (issued March 20, 1995), Applicant makes the following affirmation relating to the Applicant's provision of services:

As a telephone utility under the regulation of the Public Service Commission of South Carolina, Carrier does hereby assert and affirm that as a reseller of intrastate telecommunications service, Carrier will not indulge or participate in deceptive or misleading telecommunications marketing practices to the detriment of consumers in South Carolina, and will comply with those marketing procedures, if any, set forth by the Public Service Commission. Additionally, Carrier will be responsible for the marketing practices of its contracted telemarketers for compliance with this provision. Carrier understands that violation of this provision could result in a rule to show cause as to the withdrawal of its certification to complete intrastate telecommunications traffic within the state of South Carolina.

5. Maps

Applicant's local exchange calling areas will initially mirror the service areas of the incumbent local exchange carriers; therefore, Applicant hereby respectfully requests a waiver of the map-filing requirement pursuant to 26 S.C. Code & Ann. Regs. 103-612.2.3 and of 26 S.C. Code Ann. Regs. 103-631 requiring publication of directories.

VII. Conclusion

This Application demonstrates that Broadvox-CLEC, LLC, possesses the technical, financial and managerial resources to provide resold and facilities-based local exchange and interexchange service in the State of South Carolina. Furthermore, granting this Application will promote the public interest by increasing the level of competition in the South Carolina telecommunications market. Ultimately, competition will compel all exchange telecommunications service providers to operate more efficiently and pass the resultant cost savings on to consumers. In addition, as a result of competition, the overall quality of local exchange and interexchange service will improve. As stated above, Applicant does not intend to provide local service, by its own facilities or otherwise, to any customer located in a rural incumbent LEC's service area, until Applicant provides such LECs notice of intent at least 30 days prior to the date of the intended service.

Wherefore, Broadvox-CLEC, LLC, respectfully petitions this Commission for authority to operate as a reseller and facilities-based provider of local exchange and interexchange telecommunications services in the State of South Carolina and for local service offerings to be regulated in accordance with procedures authorized for NewSouth Communications in Order No. 98-165 in docket No. 97-467-C; and for interexchange service offerings to be regulated in accordance with procedures established for alternative regulation in Order Nos. 95-1734 and 96-55 in Docket No. 95-661-C, in accordance with this Application and for such other relief as it deems necessary and appropriate.

Respectfully submitted,

BROADVOX, INC. & SUBSIDIARY

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Business

Broadvox, Inc. & Subsidiary (collectively, the Company), is a provider of Internet Protocol telephony and enhanced communications services to telecommunications service providers such as broadband service providers. The Company delivers services ranging from the processing of bulk carrier Voice over Internet Protocol (VoIP) minutes to the turnkey enabling of Hosted Telephony VoIP Services.

Principles of Consolidation

The consolidated financial statements include the accounts of Broadvox, LLC and Broadvox, Inc. All significant intercompany accounts and transactions have been eliminated in consolidation.

Revenue Recognition

Revenues for services are recognized when the related services are provided. Recognition of payments received in advance of services being provided is deferred until the service is provided. Operating revenues are derived primarily from per minute fees (including contractual minimums) billed weekly and from monthly, recurring flat rate service billings. The monthly fees are billed in advance and recognized over the following month when services are provided.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Cash and Cash Equivalents

The Company considers short-term, highly liquid investments with original maturities of three months or less at the time of purchase to be cash equivalents. Cash equivalents consist primarily of money market funds. Cash consists of funds held in the Company's checking accounts.

Accounts Receivable

The Company's accounts receivable are due primarily from calling card providers, wholesale carriers, and international call providers. Credit is extended based on an evaluation of a customer's financial condition. The Company determines its allowance for doubtful accounts by considering a number of factors, including the length of time trade accounts are past due, the Company's previous loss history, the customer's current ability to pay its obligations to the Company, and the condition of the general economy and industry as a whole. The Company writes off accounts receivable when they become uncollectible. At December 31, 2006 and 2005, the Company provided an allowance for doubtful accounts totaling \$50,000 and \$64,991, respectively.

BROADVOX, INC. & SUBSIDIARY
NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Inventories

At December 31, 2005, inventories consisted of replacement parts and are stated at the lower of cost (first-in, first-out method) or market.

Advertising

The Company expenses all advertising costs as incurred. Advertising expense totaled \$3,956 and \$184,433 in 2006 and 2005, respectively.

Depreciation and Amortization

Depreciation and amortization of property and equipment is provided by use of the straight-line method over the following estimated useful lives of the assets:

Equipment	4 - 7 years
Furniture and fixtures	4 - 7 years
Leasehold improvements	4 years

Income Taxes

Broadvox, Inc., with the consent of its shareholders, has elected under the Internal Revenue Code to be taxed as an S Corporation. In lieu of corporation Federal income and state taxes, the shareholders of an S Corporation are taxed on their proportionate share of the Company's taxable income. Therefore, no provision or liability for Federal or state taxes has been included in these financial statements.

Reclassifications

Certain reclassifications have been made to the 2005 financial statements to conform with the 2006 financial statement presentation. Such reclassifications had no effect on net income as previously reported.

BROADVOX, INC. & SUBSIDIARY

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

2. NOTES RECEIVABLE

The Company had a note receivable due from Cedar Valley Communications (Cedar Valley) for \$1,040,000 at December 31, 2005. The Company purchased equipment on behalf of Cedar Valley while it was in reorganization under Chapter 11 bankruptcy. The Company purchased Cedar Valley's customer list and paid all creditors to become the only secured creditor. Subsequently, a third party acquired certain assets and assumed certain liabilities of Cedar Valley, including the note payable to the Company. The agreement stipulated a payment of \$1,000,000 cash, which was received in 2006, with the remaining amount to be in the form of restricted shares of common stock of the third party. At December 31, 2006, the Company had determined a zero value for the outstanding common stock payment and consequently wrote off the remaining \$40,000 as bad debt expense.

At December 31, 2006, notes receivable included interest-bearing advances to two individuals. The notes bear interest at 12% and are personally guaranteed by an officer of the Company. At December 31, 2005, notes receivable also included an amount due from a former shareholder and a shareholder's wife. The notes were non-interest bearing and unsecured.

At December 31, 2006 and 2005, the Company had a note due from the owner of the building in which the Company resides for reimbursement of leasehold improvements. The note is non-interest bearing and has no definite repayment date.

Notes receivable consisted of the following amounts at December 31, 2006 and 2005:

	<u>2006</u>	<u>2005</u>
Cedar Valley	\$ -	\$1,040,000
Individual note guaranteed by officer	35,000	-

	<u>\$ 85,550</u>	<u>\$1,111,964</u>

3. CONCENTRATION OF CREDIT RISK

4. COMMITMENTS

The Company leases its office facilities, specific computer equipment, and specific vehicles under operating leases expiring in various years through September 2014. Minimum future lease payments under these non-cancelable operating leases are as follows:

YEAR ENDING DECEMBER 31,	
2007	\$ 541,124
2008	514,694

2011	241,828
Thereafter	<u>707,286</u>
	<u>\$2,683,058</u>

Rental expense under these operating leases for the years ended December 31, 2006 and 2005 was \$382,686 and \$392,465, respectively.

Purchase Commitment

The Company currently has a one-year purchase commitment with one of its vendors, Level 3 Communications (Level 3). The commitment requires that the Company purchase \$1,400,000 worth of services quarterly, starting in May 2007 and continuing through April 2008. In the event the Company does not meet the purchase commitment for a given quarter, the Company is liable for any shortfall up to a maximum \$112,500 per quarter. If the Company exceeds its quarterly commitment in any given quarter, any overage is applied to the next quarter's commitment, thereby reducing the next quarterly commitment by the amount of the overage. As of December 31, 2006, no liability has been recorded. The Company did not achieve these commitment targets in 2007, and thus recorded a liability of \$450,000 as of December 31, 2007.

5. RELATED PARTY TRANSACTIONS

At December 31, 2006 and 2005, the Company had amounts due from related parties totaling \$258,152 and \$246,000, respectively. This amount is comprised of notes due from companies that are owned by certain shareholders of the Company. The notes are non-interest bearing and have no definite repayment date.

Participating employees may elect to contribute, on a tax deferred basis, a portion of their compensation, in accordance with Section 401(k) of the Internal Revenue Code. Additional employer contributions may be made to the plan at the discretion of the Company. Employer contributions made to the plan during 2006 and 2005 amounted to \$33,769 and \$22,545, respectively.

7. CHANGE IN ACCOUNTING ESTIMATE

In 2006, the Company changed its depreciation method to the straight-line method. Prior to January 1, 2006, the Company had been recording depreciation using an accelerated depreciation method. The cumulative effect of the change from accelerated to the straight-line method amounted to \$433,890 in additional income for the year ended December 31, 2006.

8. CONTINGENCIES

The Company is involved in, and party to, various claims, legal actions and complaints arising in the ordinary course of business. The outcome of those cases that have not been settled in principle cannot now be determined. In management's opinion the ultimate disposition of these matters will not have a material adverse effect on the Company's consolidated financial position.

BROADVOX, INC. & SUBSIDIARIES

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Business

Broadvox, Inc. & Subsidiaries (collectively, the Company), is a provider of Internet Protocol telephony and enhanced communications services to telecommunications service providers such as broadband service providers. The Company delivers services ranging from the processing of bulk carrier Voice over Internet Protocol (VoIP) minutes to the turnkey enabling of Hosted Telephony VoIP Services.

Principles of Consolidation

The consolidated financial statements include the accounts of Broadvox, LLC (BLLC), Broadvox Go!, LLC (BGO), and Broadvox, Inc. (BINC). All significant intercompany accounts and transactions have been eliminated in consolidation.

Revenue Recognition

Revenues for services are recognized when the related services are provided. Recognition of payments received in advance of services being provided is deferred until the service is provided. Operating revenues are derived primarily from per minute fees (including contractual minimums) billed weekly and from monthly, recurring flat rate service billings. The monthly fees are billed in advance and recognized over the following month when services are provided.

BroadvoxGO! derives telephony service revenues from monthly subscription fees that customers are charged under service plans and from certain usage fees and any calling minutes in excess of a customer's monthly plan limits. Monthly subscription fees are generally charged to customers' credit cards, debit cards or electronic check payments in advance and are recognized over the following month when services are provided.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Cash and Cash Equivalents

The Company considers short-term, highly liquid investments with original maturities of three months or less at the time of purchase to be cash equivalents. Cash equivalents consist primarily of money market funds. Cash consists of funds held in the Company's checking accounts.

BROADVOX, INC. & SUBSIDIARIES

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Accounts Receivable

The Company's accounts receivable are due primarily from calling card providers, wholesale carriers, and international call providers. Credit is extended based on an evaluation of a customer's financial condition. The Company determines its allowance for doubtful accounts by considering a number of factors, including the length of time trade accounts are past due, the Company's previous loss history, the customer's current ability to pay its obligations to the Company, and the condition of the general economy and industry as a whole. The Company writes off accounts receivable when they become uncollectible. At December 31, 2007 and 2006, the Company provided an allowance for doubtful accounts totaling \$61,977 and \$50,000, respectively.

Advertising

The Company expenses all advertising costs as incurred. Advertising expense totaled \$522,398 and \$3,956 in 2007 and 2006, respectively.

Depreciation and Amortization

Depreciation and amortization of property and equipment is provided by use of the straight-line method over the following estimated useful lives of the assets:

Equipment	4 - 7	years
Furniture and fixtures	4 - 7	years
Leasehold improvements	4	years

Income Taxes

BINC, with the consent of its shareholders, has elected under the Internal Revenue Code to be taxed as an S Corporation. In lieu of corporation Federal income and state taxes, the shareholders of an S Corporation are taxed on their proportionate share of the Company's taxable income. Therefore, no provision or liability for Federal or state taxes has been included in these financial statements. Broadvox LLC and Broadvox GO! are organized as single-member limited liability companies. As such, they are treated as disregarded entities for Federal and state income tax purposes. All taxable income or losses from these two entities are passed through to, and included in, the income tax returns of BINC.

2. NOTES RECEIVABLE

At December 31, 2006, notes receivable included interest-bearing advances to two individuals. The notes bore interest at 12% and were personally guaranteed by an officer of the Company. The notes were collected in full during 2007.

At December 31, 2006, the Company had a note due from the owner of the building in which the Company resides for reimbursement of leasehold improvements. The note was non-interest bearing and was collected in full during 2007.

BROADVOX, INC. & SUBSIDIARIES

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

5. COMMITMENTS (continued)

Purchase Commitment

The Company currently has a one-year purchase commitment with one of its vendors, Level 3 Communications (Level 3). The commitment requires that the Company purchase \$1,400,000 worth of services quarterly, starting in May 2007 and continuing through April 2008. In the event the Company does not meet the purchase commitment for a given quarter, the Company is liable for any shortfall up to a maximum \$112,500 per quarter. If the Company exceeds its quarterly commitment in any given quarter, any overage is applied to the next quarter's commitment, thereby reducing the next quarterly commitment by the amount of the overage. The Company did not achieve these commitment targets, and thus has recorded a liability of \$450,000, which is included in accounts payable in the accompanying consolidated balance sheet at December 31, 2007.

6. RELATED PARTY TRANSACTIONS

At December 31, 2007 and 2006, the Company had amounts due from related parties totaling \$659,634 and \$258,152, respectively. This amount is comprised of notes due from companies that are owned by certain shareholders of the Company. The notes are non-interest bearing and have no definite repayment date.

Effective January 1, 2006, the Company entered into a contract to distribute assets and liabilities associated with its residential and enterprise product lines to its shareholders for the purpose of separating its hosted telephony services from its primary wholesale and SIP-Trunking services. During 2006, the following assets and liabilities were distributed:

Cash	\$ 3,250,000

Participating employees may elect to contribute, on a tax deferred basis, a portion of their compensation, in accordance with Section 401(k) of the Internal Revenue Code. Additional employer contributions may be made to the plan at the discretion of the Company. Employer contributions made to the plan during 2007 and 2006 amounted to \$72,409 and \$33,769, respectively.

BROADVOX, INC. & SUBSIDIARIES

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

8. CHANGE IN ACCOUNTING ESTIMATE

In 2006, the Company changed its depreciation method to the straight-line method. Prior to January 1, 2006, the Company had been recording depreciation using an accelerated depreciation method. The cumulative effect of the change from accelerated to the straight-line method amounted to \$433,890 in additional income for the year ended December 31, 2006.

9. CONTINGENCIES

The Company is involved in, and party to, various claims, legal actions and complaints arising in the ordinary course of business. SECTION 3 - SERVICE DESCRIPTIONS (continued)

3.1 Local Exchange Service (continued)

- 3.1.3 Usage Rates: All Local Exchange Service Customers must order service on a per minute usage basis. Following are three (3) calling options. These rates will apply to all outgoing direct-dialed calls placed to Stations within the caller's local exchange area, as defined herein.

Option 1

Option 1 rates are postalized rates (single rate) regardless of the mileage associated with an intraLATA call. There is a peak and off-peak rate (see following for definition of peak & off-peak). Option 1 Toll Rates mirror the Customer's Local Service usage rates. Therefore, the customer is billed one rate for both local and interLATA calls.

Option 2

Option 2 establishes postalized peak and non-peak rate for all non-local calls.

Option 3

Option 3 establishes a peak/non-peak rate based upon the Customer's dialing pattern. For example, all calls made within a LATA dialing seven (7) digits will have a distinct rate from those calls made within a LATA dialing eleven (11) digits.

- 3.1.4.1 Per Minute Usage Rate: Rates are set forth in Section 7.

3.1.4.2 Timing of Local Exchange Calls

Unless otherwise indicated, all calls are timed in six-second increments and all calls that are fractions of a minute are rounded up to the next six-second increment.

For station-to-station calls, call timing begins when a connection is established between the calling telephone and the called telephone station.

For person-to-person calls, call timing begins when connection is established between the calling person and the particular person, station or mobile unit specified or an agreed alternate.

Call timing ends when the calling station "hangs up", thereby releasing the network connection. If the called station "hangs up" but the calling station does not, chargeable time ends when the network connection is released either by automatic timing equipment in the telephone network or by the Company operator.

3.1.4.2.1 Time Periods Defined

Peak: 8:00 a.m. to, but not including 5:00 p.m. - Monday through Friday

7.6.4. Broadvox-CLEC Digital DS-1 PBX Service with Unlimited Local Calling and Bundled Toll/LD Service

This service provides a trunk side DS1 electrical interface from the customer's digital PBX system to a Broadvox-CLEC digital port on a local Company switch for the origination and termination of calls. Traffic to and from the digital PBX can be received or dialed directly from any PBX station without the need for an attendant.

These digital trunks deliver a high-speed DS1 (T1) connection between your PBX and the Company network. There are up to 24 channels on one facility, each of which can be used to place or receive calls. This multi-channel capability dramatically reduces the need for additional PBX circuit cards.

Each of these products is offered under a 12, 24 or 36 month term agreement. Rates include unlimited local calling for sent-paid, directly dialed calls. Rates do not include calling card calls, information type calls to Time and Weather, 555, 700, 900, 976 Services, Directory Assistance or any other type of Operator Handled call.

7.6.7. Direct Inward Dialing (DID) Service

DID service is an optional feature which can be purchased in conjunction with Company-provided Basic Trunks or Digital Trunks. DID service transmits the dialed digits for all incoming calls allowing the Customer's PBX to route incoming calls directly to individual stations corresponding to each individual DID number. Charges for DID capability and DID numbers apply in addition to charges specified for Basic Trunks or Digital Trunks.

So the Company may efficiently manage its number resource, the Company, at its sole discretion, reserves the right to limit the quantity of DID numbers a Customer may obtain. Requests for 300 or more DID numbers must be provided to the Company in writing no less than five (5) months prior to activation. In addition, the Company reserves the right to review vacant DID stations or stations not in use to determine their utilization. Should the Company determine, based on its own discretion, that there is inefficient number utilization, the Company may reassign the DID numbers.

The Customer has no property right to the telephone number or any other call number destination associated with DID service furnished by the Company, and no right to the continuance of service through any particular end office. The Company reserves the right to change such numbers, or the end office designation associated with such numbers, or both, assigned to the Customer, whenever the Company deems it necessary to do so in the conduct of its business.

TARIFF FORMAT

A. Sheet Numbering: Sheet numbers appear in the upper right corner of the page. Sheets are numbered sequentially. However, new sheets are occasionally added to the tariff. When a new sheet is added between sheets already in effect, a decimal is added. For example, a new sheet added between pages 11 and 12 would be page 11.1.

B. Sheet Revision Numbers: Revision numbers also appear in the upper right corner of each sheet where applicable. These numbers are used to indicate the most current page version on file with the Commission. For example, 4th Revised Sheet 13 cancels 3rd Revised Sheet 13. Consult the Check Sheet for the sheets currently in effect.

C. Paragraph Numbering Sequence: There are nine levels of paragraph coding. Each level of coding is subservient to its next higher level:

2.
2.1
2.1.1
2.1.1.A
2.1.1.A.1
2.1.1.A.1.(a)
2.1.1.A.1.(a).I
2.1.1.A.1.(a).I.(i)
2.1.1.A.1.(a).I.(i).(1)

D. Check Sheets: When a tariff filing is made with the Commission, an updated Check Sheet accompanies the tariff filing. The Check Sheet lists the sheets contained in the tariff, with a cross reference to the current Revision Number. When new sheets are added, the Check Sheet is changed to reflect the revision. All revisions made in a given filing are designated by an asterisk (*). There will be no other symbols used on this sheet if these are the only changes made to it (i.e., the format, etc. remains the same, just revised revision levels on some sheets). The tariff user should refer to the latest Check Sheet to find out if a particular sheet is the most current on Commission file.

**SECTION 3 - DESCRIPTION OF SERVICE****3.1 Computation of Charges**

3.1.1 The total charge for each completed call may be a variable measured charge dependent on the duration, distance and time of day of the call. The total charge for each completed call may also be dependent only on the duration of the call, i.e. a statewide flat rate per minute charge. The variable measured charge is specified as a rate per minute which is applied to each minute. All calls are measured in increments as set forth in the Rates Section of this tariff. Fractions of a billing increment are rounded up to a full billing increment on a per call basis. Fractions of a cent per minute are rounded up to a full cent on a per call basis.

3.1.2 Where mileage bands appear in a rate table, rates for all calls are based upon the airline distance between the originating and terminating points of the call, as determined by the vertical and horizontal coordinates associated with the exchange (the area code and three digit central office code) associated with the originating and terminating telephone numbers. If the Customer obtains access to the Company's network by a dedicated access circuit, that circuit will be assigned an exchange for rating purposes based upon the Customer's main telephone number at the location where the dedicated access circuit terminates. The vertical and horizontal (V & H) coordinates for each exchange and the airline distance between them will be determined according to industry standards.

### **3.2 Customer Complaints and/or Billing Disputes**

Any objection to billed charges should be reported promptly to the Company. Adjustments to Customers' bills shall be made to the extent that records are available and/or circumstances exist which reasonably indicate that such charges are not in accordance with approved rates or that an adjustment may otherwise be appropriate. Where overbilling of a subscriber occurs, due either to Company or subscriber error, no liability exists which will require the Company to pay any interest, dividend or other compensation on the amount overbilled; provided, however, in the event that the Company has willfully overcharged any Customer, the Company shall refund the difference, plus interest, as prescribed by the Commission.
